## PRESS RELEASE

### Refurbished P84 Opens to Public

Hikers and cyclists can now once again take a break and enjoy the beautiful greenery of Penang from the halfway point to Penang Hill following the re-opening of the newly refurbished P84 rest area.

The P84 refurbishment and upgrading project was initiated by the P84 Committee, led by its Chairman Dato' Jimmy Ong, Deputy Chairman & Secretary Mr. Choo Eng Hin, Treasurer Lim Beng Keong and other committee members consist of enthusiastic hikers, in collaboration with the Penang Island City Council (MBPP) and Penang Hill Corporation (PHC).

The original Station 84, a popular station for hikers and cyclists at KM2.5 of Jeep Track, partially collapsed due to a landslide and it was in dire need of refurbishment.

The P84 Committee together with the MBPP and PHC kicked off the refurbishment and upgrading project in August 2018 with the objective of providing a sheltered area for hikers and cyclists and a comfortable resting area for any community engagements.

MBPP provided the architectural design and the P84 Committee successfully raised approximately RM100,000 for the project. With the support and the collaboration of all parties, the project was finally completed in April 2019 with an overall cost at around RM150,000.

---

The newly refurbished P84 rest area is furnished with amenities such as toilets and cement benches to provide a comfortable resting area for hikers and cycling enthusiasts.

Penang Hill Corporation general manager Mr. Cheok Lay Leng commended the collective hard work from all relevant parties for making the refurbishment and upgrading of P84 rest area possible.

This project is in line with the mission of Penang State Government and PHC to promote eco-tourism and the awareness to preserve and conserve Penang Hill.
